**PRIOR to 1984** GM Group cars, except for Corvair and Corvette, have the identification plate under the hood on the upper left or right side of the firewall. For Corvair, locate the I.D. plate on the instruction panel brace below the glove compartment. Corvette owners should contact a local dealer for cars built before 1984.

**1984 to PRESENT** GM Group cars made after Sept. 15, 1984 have a **two-part** color identification system. The **Paint Code** may follow "BC/CC" (base coat/ clear coat) and have an "L" or a "U." "U" is normally the body color. (See Illustration A).
