Section 6  Accidental Release Measures

**Clean Up Methods:**  For small spills, dike and contain with inert material (sand, earth, etc.) and transfer liquid to containers for recovery or disposal.

For large spills, dike far ahead of the spill. Keep unnecessary people away. Isolate hazard area and deny entry to unauthorized personnel. Stay upwind, keep out of low areas, and ventilate closed spaces before entering. Shut off ignition sources; no flares, flames or smoking in hazard area. Stop leak if you can do so without risk of injury. Keep spill out of sewer and open bodies of water.

(See also Section 8 for information on Exposure Controls and Personal Protective Equipment)

**Personal Protective Equipment (PPE):**

**Eye Protection:** Wear safety glasses, goggles, or face shield to prevent eye contact.

**Skin Protection:** Wear rubber gloves to prevent prolonged skin contact.

**Respiratory Protection:** None required under normal intended use conditions. In areas of poor ventilation, if vapor exposure causes discomfort, or if applicable workplace exposure limits are exceeded wear a NIOSH approved respirator.
