

A United Roofing product

# **GATOR-Skin**

SYNTHETIC ROOF UNDERLAYMENT

## Synthetic Underlayment that delivers performance and value

### What makes Gator-Skin better?

- Tough 3 layer construction that won't tear or wrinkle
- Safe-Step Technology provides enhanced traction and walkability
- Lightweight, easy and fast installations

Gator-Skin Synthetic can be left exposed for up to 120 days, and is designed for use with asphalt and shake shingles, as well as with metal roofing.

**GATOR-Skin**
