Front Load Washer

DirectDrive™ Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.

Electronic Control Panel with Dial-A-Cycle™

Intuitive controls allow you to 'press and go'.

LoDecibel™ Quiet Operation

Direct Drive and auto balancing reduce noise dramatically compared to conventional motors.

Stackable or Side by Side?

Your choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13.7" high drawer pedestals. They're also a great place to store laundry detergent supplies.
