PACKAGING

The building is packaged in a heavy duty cardboard box with plastic shrink wrapped on a wood pallet. The packaging includes all components, hardware and an illustrated step-by-step instruction booklet.

ASSEMBLY MADE EASY

The assembly is simple, clean, safe and can be completed in four to five hours with two people. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood, or concrete, the size of the desired building. In addition you will need a power drill, hammer, measuring tape, pliers and a ladder.

Checklist Prior to WoodBridge Purchase

- Check with your local city hall for building ordinances & CCR's
- Be sure that intended placement of shed is within your property lines
- Do not build shed over utility lines (gas, electrical, water, telephone, cable, etc)
- Measure the size of the intended shed site and make sure you have a level wooden or concrete foundation (Optional Foundation Kit available)
