30 Year Limited Warranty*

Note

*Change of level threshold has manageable 1/4" vertical rise to easily coordinate with minimum finished flooring.

Ella Low Threshold Shower

EB 6032 SH 1S 3P 4.0

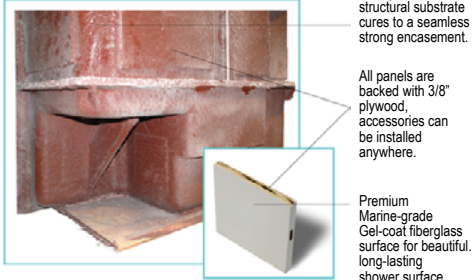

STRENGTH

Plywood & Steel Reinforced Walls

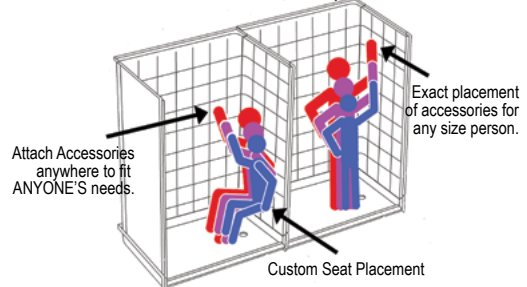

Twice the weight and twice the raw materials used in the construction of our showers than listed by any of our competitors.

Plywood reinforced core walls and high density base.

ADAPTABILITY

Customized Accessory Placement

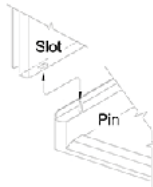

The plywood reinforced core walls allow the fixtures to be installed right onto the wall studs by eliminating the need for a drywall backing.

FRONT SIDE INSTALLATION

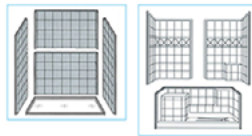

INTEGRAL SELF-LOCATING METAL GUIDE PINS

Aluminum Pin and Slot System for a contractor friendly front side installation.

An installation may be finished in a fraction of the time. No more need to get behind the panels to bolt large panels together.

SHOWER DOOR FRIENDLY

Your choice: Curtain or Door

Square corners in Ella shower construction allow for framed or frameless shower doors to be installed.

SMART PACKING

Multi-piece Shower in a Box

Heavy Duty Crating protects product in transit.

Each panel is individually packaged then labeled and banded.

Each package is crated vertically on a pallet.

This process allows for your shower to be delivered safely and un-crated in minutes.

AVAILABILITY

Your Project won't be held up

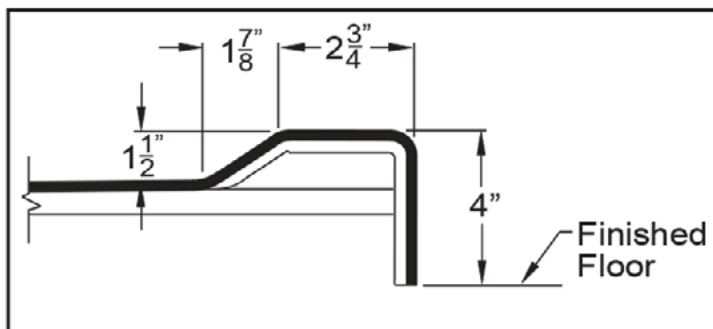

In stock for Rapid Ship

Ella showers are manufactured, inspected and shipped directly from the factory with 5 - 7 business days.

Rush orders are available upon request (white only).

No order is too big or small.

LOW THRESHOLD DETAILS

The Threshold Dimensions will vary according to the different low threshold shower models.

Please refer to the Ella Price List for more details.
