

4" Copper Dryer Vent/Exhaust Vent

Model# 4CVH

UPC# 754094111196

Plumbers Edge Brand 4 Copper Exhaust Hood with damper. Hand made by a Massachusetts sheet metal shop that has been in operation for over a 100 years. Made of 16oz copper sheet, this hood weighs nearly two pounds and is extremely heavy duty. Made of raw uncoated copper, the hood will age gracefully and take on a patina influenced by the natural environment. For those who want the quality of the past and reliability that comes with the best, these copper hoods offer the traditional detail that will compliment your home's exterior for years to come. Suitable for use with most bathroom fans and clothes dryers, the Plumbers Edge Brand 4" Copper Exhaust Hood with damper has an exhaust a screen to prevent entry of birds and rodents. Screen can be removed for use with clothes dryer. This is the one hood that will last the life of your home.
