### LIMITED WARRANTY

#### Millwork (Components)

Century Specialty Windows warrants its wood, prefinished poly clad and primed polyurethane components to be of quality workmanship and material and to be free of defects, which might render it unserviceable. Natural variations in color or texture are not defects. All millwork should be inspected upon arrival and before installation and finishing.

We agree to replace, at no charge, any defective item, for the period of one year. Century Specialty Windows cannot, under any conditions, be responsible for repainting, refinishing, installing or other similar activities. It will be the homeowner's responsibility to complete the replacement.

#### Hardware

While all window hardware is manufactured by others, it is Century Specialty Windows policy to provide a warranty against defect or error in workmanship. Replacement of defective hardware will be supplied free of charge within one year after sale. Century Specialty Windows, however, cannot, under any conditions, be responsible for installation, repainting, refinishing, or other similar activities. It will be the homeowner's responsibility to complete the replacement.

#### Insulated Glass

All insulated glass is warranted against failure of the air seal (condensation in between the glass) for a period of ten years from the date of manufacture. Should there be failure of the air seal within the warranty period, Century Specialty Windows shall supply either the insulated glass only or the insulated glass in sash at Century Specialty Windows option. Century Specialty Windows cannot, under any circumstances, be responsible for installation, repainting, refinishing, or other similar activities necessary to complete the replacement. It will be the homeowners' responsibility to complete the replacement.

**Cracked or broken glass is not covered by the warranty.**
