- 360-degree MRP(Magnetic Rotation Plate) for effective and safe slimming of the body.
- Great effect to become both slim and healthy at one time.

Solving the problem of lacking exercise for those modern people.

The best appliance for the health care of the old.

## Instructions for application:

- **Neck:** Long time working in front of the computer would easily make your neck stiff. Using the massaging belt will relieve the uncomfortable feeling and revitalize blood circulation.
- **Back:** As the bad sitting posture, it easily results in the backache. Crisscross the twin-massaging belts on the back to improve the problem of backache.
- **Chest:** Crisscross the twin-massaging belts on the chest to stimulate the thymus gland and revitalize the tissues. Let you have a nice figure in a short time.
- **Waist:** Extra fat can easily accumulate in the waist. Eating too much and lack of exercise are the main reasons of having a big underbelly. Massaging the underbelly with such a strong vibrating wave can dissolve and reduce the extra fat. By using the MRP one can sculpt one's abdomen and lower body to acquire a fit and charming waistline.
- **Buttocks:** Those whose buttocks are drooping or flabby can easily have sturdy buttocks by using this device at a high frequency massaging wave.
- **Thigh:** Put the twin-massaging belts separately on the thighs, it can massage your thighs evenly and make your feet more slender.
- **Shank:** If you worry about varicose veins, you can sit on the pad and hang your feet on the massaging belt to massage. In this way, it can efficiently improve the blood circulation and prevent from worry about being varicose veins.

- Two-way massaging belts is for 2 person's usage to save both money and time.
- Standing firmly with feet evenly spaced, twist your waist from side-to-side, while maintaining good posture.
