While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risks of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

WARNINGS

Please read these warnings and the information in this manual in its entirety.

Failure to comply with the following instructions may increase the risk of serious injury and/or death:

- This unit is designed only for jogging in place and similar bounding exercises.
- Not recommended for children under 13 years of age.
- Maximum weight limit: 220lbs. (100kgs)
- Children MUST NEVER use the trampoline unless supervised by a responsible adult with knowledge of trampoline use. DO NOT leave children unattended at any time.
- Caution and care must be taken in underneath a light or ceiling fan.
- The contents are not suitable for children under 3 years of age. This product contains small parts, which may cause choking.
- This trampoline is designed for one user only. Do not let more than one person use this product at the same time.
- Immediately discontinue use if any breakage to the frame assembly or springs are found. Failure to do this may result injury and/or further damage to the product.
- This trampoline is only designed for normal residential use. It is NOT intended for commercial applications and/or in public areas such as schools, parks, day cares, commercial/communal gyms, etc.
- When in use, your trampoline must be placed at a safe distance from any vertical or horizontal obstructions, such as stairways/stairwells, power lines, ceiling fans, pools, walls, overhead or wall light fixtures, windows, furniture, appliances, etc. Keep on a level surface.
- DO NOT store trampoline outdoors or where exposed to moisture or extreme temperatures.
- Ensure area under and around trampoline is clear of any toys/obstacles that may cause injury.
- DO NOT wear glasses or helmets when using the trampoline.
- DO NOT store items, playthings, or place any obstructions underneath the trampoline mat.
- Users should not wear clothing, jewelry, or anything could catch or snag on the product (e.g. loose clothing, cords, shoulder bags).
- DO NOT fall or bounce on your knees,.This can cause injury.
- DO NOT somersault. This can cause serious injury, paralysis, or death.
- DO NOT allow infants or animals to crawl underneath the trampoline mat.
- DO NOT use or allow use of the trampoline under the influence of any substance or medication which may impair the supervisor's or jumper's judgment and/or coordination.
- Users should stand or bounce as near to the center of the mat as possible. Bouncing or standing near the edge of the trampoline could cause the frame to tip over or damage the mat/springs.
- Do not allow small children to wander into the play area where the trampoline is in use.
- ALWAYS secure the trampoline against unauthorized and unsupervised use.
- ALWAYS wear socks when using the trampoline
- NEVER wear footwear (e.g. shoes) when using the trampoline.
- Before each use, inspect and replace any worn, defective or missing parts. It is important to check the trampoline to ensure the frame is steady and all parts are in good condition.
- Before each use, make sure the frame padding is in place with the springs and frame fully covered.
- ALWAYS make sure to store your trampoline safely, where it will not present a tripping or obstacle hazard.
- Dispose of all packaging materials safely and per local ordinance.

ASSEMBLY WARNINGS

- Make sure the trampoline is placed on a stable and leveled surface.
- Make sure the trampoline area is well lit.
- Make sure there are no obstructions above, beneath, or around the trampoline. In the interest of your safety, it is important that you read both the safety notice and the assembly instructions carefully before using or allowing use of this product.
- Ensure the feet are firmly secured and the frame pad covers the springs before each use.
- If you do not follow these guidelines, the user acknowledges responsibility for the increased risk of serious injury.
- The recommended overhead clearance is a minimum of 10 feet from any and all ceilings, overhead cables, ceiling fixtures or hard surfaces. In terms of horizontal clearance, ensure that potentially hazardous objects and conditions are located at a recommended minimum of 15 feet away from the trampoline (including but not limited to: electric cables, roadways, outdoor equipment, furniture, appliances, vehicles, lighting, walls, tree limbs, shelving, any overhangs, etc.) and no potentially hazardous conditions exist nearby (including but not limited to: stairwells, pools/hot tubs, any bodies of water, uneven or drop-off ground levels, etc.)

PARTS LIST

Part #	Description	QTY	Part#	Description	QTY
1	Frame	x1	8	50mm Square Neck Bolt	x4
2	Jumping Mat	x1	9	Nut	x16
3	Spring	x36	10	Washer	x8
4	W-Hook	x18	11	Frame Pad	x1
5	T-Section Piece	x8	12	Leg with Cap	x6
6	Cross-Section Piece	x4	13	Straight Pole	x2
7	40mm Square Neck Bolt	x12	14	Handle Bar with Foam Grip	x1

ASSEMBLY INSTRUCTIONS

STEP 1:

NOTE:

The Frame Pad (Part 11) may be already attached to the Frame, remove it and place it aside until Step 4

The Frame (Part 1), Jumping Mat (Part 2), Springs (Part 3), & W-Hooks (Part 4) should be assembled in one piece.

Place assembled Frame on an even, clean, & flat surface to install. Make sure that there are no obstructions in your way when building the Mini Trampoline.

NOTE:

Make sure that the spring ends are facing up, and the logo printed on the Jumping Mat is facing the floor.

ASSEMBLY INSTRUCTIONS

STEP 2:

Locate x8 T-Section Pieces (Part 5), x4 40mm Square Neck Bolts (Part 7), & x4 Nuts (Part 9).

Locate the (A) openings in the frame (Shown in page 8) to begin installing the T-Sections Pieces into the Frame.

A. Place a T-Section Piece on the outside of the frame and the other half from the inside of the Frame.

All openings should line up. Make sure that the T-Sections are facing up to install the legs in Step 6.

B. Insert a Bolt (Part 7) from the outside of the frame to show the smooth surface between both T-Section Pieces. Secure with a Nut (Part 9). Tighten loosely.

NOTE:

Make sure Bolt is fully inserted and the Nut is **not** fully tightened. This will help inserting the Legs in Step 6.

ASSEMBLY INSTRUCTIONS

STEP 3:

Locate x4 Cross-Section Pieces (Part 6), x4 50mm Square Neck Bolts (Part 8), x4 Washers (Part 10), & x4 Nuts (Part 9).

Locate the (B) openings in the frame (Shown in page 8) to begin installing the Cross-Sections Pieces into the Frame.

A. Place a Cross-Section Piece on the outside of the frame and the other half from the inside of the Frame. All openings should line up.

B. Insert x2 Bolts (Part 8) from the outside of the frame to show the smooth surface between both Cross-Section Pieces. Secure both with a Nut (Part 9) on each one. Tighten loosely.

Repeat this process to assemble the second Cross-Section on the Frame.

NOTE:

Make sure Bolt is fully inserted and the Nut is **not** fully tightened. This will help inserting the Legs in Step 6.

ASSEMBLY INSTRUCTIONS

STEP 4:

A. Flip the Assembled Frame in order to place the Frame Pad (Part 11).

Make sure to locate all six loops in the Frame Pad, two of them should have two openings assigned for the Cross-Section Pieces. Place on top Frame to cover the Frame & Jumping Mat.

B. For the T-Sections, hook all loops in the inserts openings of the T-sections before installing the legs.

C. For the Cross-Sections, make sure both openings of the Cross-Section go inside the according hoops in the Frame Pad. Hook the loop into the bottom section of the Cross Section.

Once the Frame Pad is placed, flip the frame again so the Jump Mat faces the ground to begin installation of the legs.

ASSEMBLY INSTRUCTIONS

STEP 5:

Locate the following parts: x6 Legs with Caps (Part 12), x6 40mm Square Neck Bolts (Part 7), x6 Washers (Part 10), & x6 Nuts (Part 6).

NOTE:

If the Caps from the Leg Poles are not already placed after unboxing, make sure to insert them on the opposite side of where the openings are located as shown. This will make sure that the openings are clear when installing into the Frame. Repeat this process until you have all six assembled Legs with Caps.

STEP 6:

Place all assembled legs inside the inserts. Align openings from the T-Sections & Cross-Sections to the Legs.

ASSEMBLY INSTRUCTIONS

STEP 7:

- Insert a Bolt (Part 7) from the outside of the Frame and secure tightly with a Washer (Part 10), & Nut (Part 6). Make sure Bolt is fully inserted.
- Repeat this process until all legs in T-Sections are installed properly and securely.

NOTE:

Do not Tighten any Nuts from the Cross-Section Pieces. Doing so will make it difficult to install the Straight Poles (Part 9)

ASSEMBLY INSTRUCTIONS

STEP 8:

A. Insert x2 Straight Poles (Part 13) into the upper openings of the Cross-Sections.

NOTE:

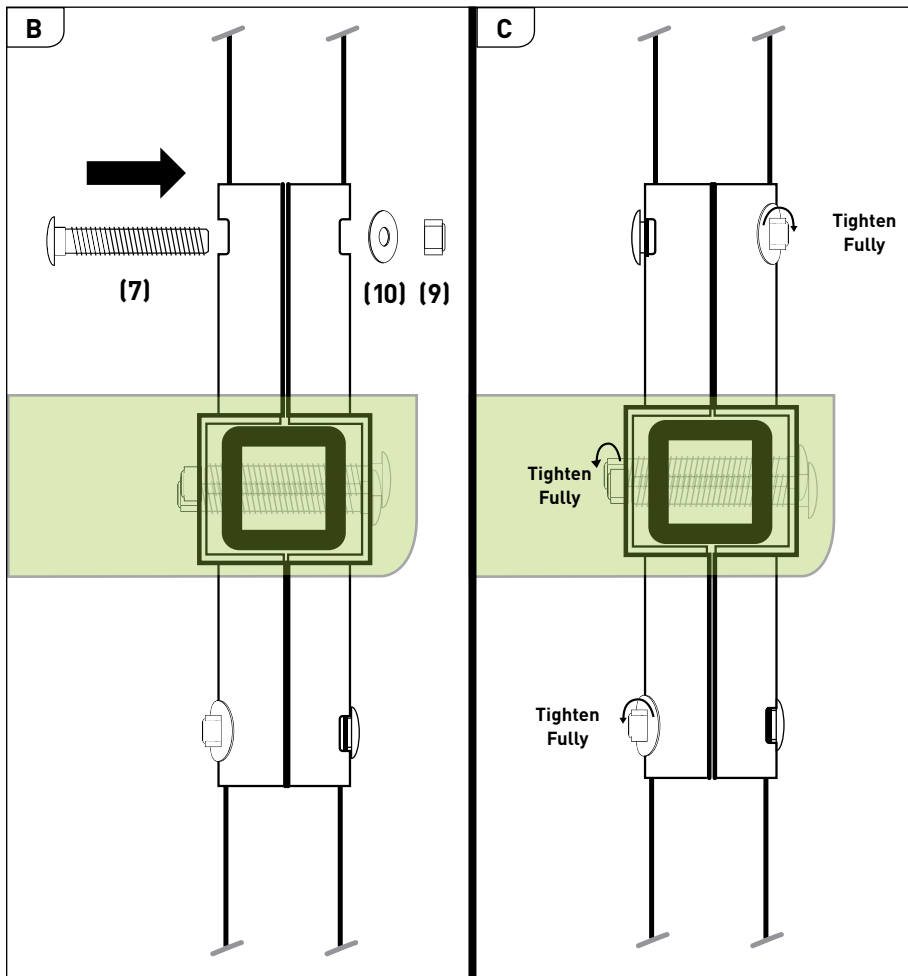

Straight poles upper openings must face the center of the trampoline.

B. Locate x2 40mm Square Neck Bolts (Part 7), x2 Washers (Part 10), and x2 Nuts (Part 9). Insert a Bolt from the inside facing out to each Straight Pole. Tighten both with a Washer & Nut.

NOTE:

If the Bolts are not inserted from the outside in, you leave yourself exposed to the sharp edges of the Nuts. Failure to do so can result in injury.

C. Once the bolts are inserted properly, tighten remainder of all nuts to secure the Straight Poles and Legs to the Cross-Section Pieces.

ASSEMBLY INSTRUCTIONS

STEP 9:

Place Handle Bar with Foam Grip (Part 14) on top of Straight Poles. Both ends must be inserted at the same time.

Stop when you hear both the buttons Snap & Click in the openings.

To adjust to your desired height, simply press the buttons in and slide the pole to a desired opening.

IMPORTANT:

Handle Bar must be snapped on the same height for both openings. Failure to do this will cause the Poles to bend, snap, or break. Failure to do so may result in injury to the user.

FREQUENTLY ASKED QUESTIONS

- Question: "The Handle Bar is not aligned to the Straight Poles, I am unable to Snap & Click since they are not in position"

Answer: Loosen up the upper sections of the Cross-Section Pieces so you may be able to twist the Poles. The bottom opening is wider, which helps position the upper two openings properly. Once you do this, you should be able to insert the Handle Bar.

- Question: "When I am using the trampoline I feel the springs pinching my feet. How do I fix this?"

Answer: 1) There is a chance that the Frame Pad was installed the wrong way. The Spring ends should be facing the floor when in use. 2) When using the trampoline, remember to wear comfortable socks, jumping on the trampoline barefoot is unsafe.

- Question: "One of my trampoline legs has broken" or "The trampoline padding or mat is damaged, how do I replace it?"

Answer: If you are still within your warranty period (90 days from initial purchase) You should contact customer service and request more information.

- Question: "I had a part missing from my box" or "something was damaged during assembly, can you send it to me?"

Answer: If it has been 30 days or less from the date of your initial purchase, you can contact customer service for a replacement part to be issued.
