

RECREATIONAL KAYAKS

TIGER SHARK™

SIT-IN KAYAK

Domestic and International Patents Pending

The Tiger Shark™ sit-in kayak offers flexibility and a new dimension of water sports fun! Built for kayakers of all ages. It's loaded with features not found in other kayaks – even the more expensive brands. The hull design combines stability with a long center keel to keep the kayak tracking straight. This stability is particularly beneficial for crossover sports such as fishing.

TIGER SHARK Dimensions:

108" L x 28" W x 14" H

Maximum Weight Capacity:

250 lbs.

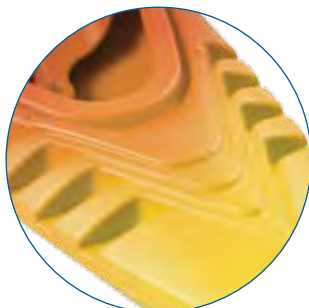

Dry-Ride™

KEEPS COCKPIT DRY WITH...

- Raised Bow
- Wave-Breaker Design
- Draining Channel

Built-in multi-position foot chocks won't break and never need to be adjusted.

Seat console includes cup holder, fishing pole mount and "ditty tray" to keep those small miscellaneous items handy.

Convenient screw-in drain plug.

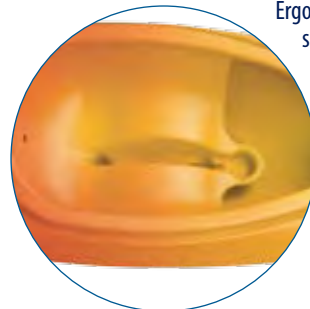

Convenient bow and stern pull/carry ropes with durable 3.5" PVC handles.

Paddle cradle holds standard diameter or smaller paddle shaft in a convenient position.

Ergonomic high-back adult seat supports thighs for easy paddling. Cockpit opening is designed to drain water away from the seat and also accommodates optional spray skirt or storage cover.

Elastic tie-down for securing small loads for a day of paddling.

SIT-ON KAYAK

VOYAGER™

The Voyager™ is built for kayakers of all ages. It's loaded with features not found in all the kayaks available – even the more expensive brands. The hull design combines both primary (*entering the kayak*) and secondary (*paddling the kayak*) stability with a long center keel to keep the kayak going straight and two shoulders that act as sponsors for secondary stability. This addition of stability is particularly beneficial for crossover sports like fishing and diving.

VOYAGER KAYAK Dimensions:

96" L x 29" W x 15" H

Maximum Weight Capacity:

250 lbs.

Forward console holds a standard plastic water bottle in upright or lay-down positions, as well as a deep recess to mount your fishing pole for relaxed trolling while you paddle. "Ditty tray" to keep those small miscellaneous items handy.

Built-in handle for easy carry!

Convenient screw-in drain plug in stern for draining condensation.

Four tie-downs for securing small loads for a day of paddling! Carry deck has drain channels to keep the load dry.

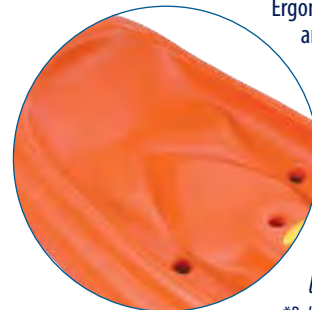

Pull rope with durable 3.5" PVC handle for convenience.

Paddle cradle holds standard diameter or smaller paddle shaft in a convenient position. Standard 1.25" shaft snaps into place for a snug, secure fit.

Ergonomic high-back adult seat and additional built-in child seat are designed to drain water away from the seat. Water drains down the lower channels from both seat and foot areas to the centrally located scupper holes. (Scupper holes can be plugged with standard black rubber stoppers.)

**Rubber stoppers not included.*

SIT-ON KAYAK

MYAK™

First Kayak designed JUST FOR KIDS!

MYAK Dimensions:

87" L x 26" W x 9" H

Maximum Weight Capacity:

175 lbs.

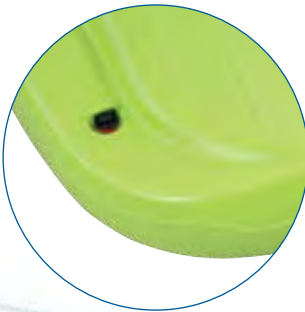

Paddle cradle holds standard diameter or smaller paddle shaft in a convenient position. Standard 1.25" shaft snaps into place for a snug, secure fit.

Easy to carry!

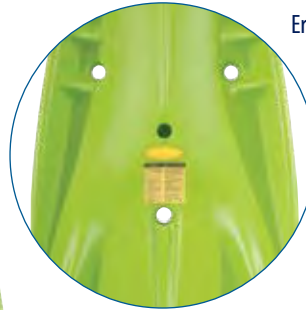

Convenient screw-in drain plug in stern for draining condensation.

Molded-in pull handle

Ergonomic seat is designed to drain water away from the seat area. Water drains down the lower channels from both seat and foot areas to the centrally located scupper holes. (Scupper holes can be plugged with standard black rubber stoppers.)

**Rubber stoppers not included.*

Forward console has a deep recess to mount your fishing pole for relaxed trolling while you paddle.

The Myak™ is designed specifically for kids of all ages with proper adult supervision – without a costly investment. The opening price point sets an exciting new benchmark for OPP boats and delivers maximum profit retention to the retailer. Incorporating a swim-on, swim-off deck designed for safety and fun with true tracking in all conditions.

INFLATABLE KAYAKS

ESP Inflatable Kayaks are constructed of heavy grades of PVC, making them the perfect watercraft for lakes or streams. Sturdy and durable, yet light enough for an adult to carry. ESP Inflatable kayaks can be deflated and folded for easy storage and transportation.

Inflated Dimensions:

120" L x 40" W

Maximum Weight Capacity:

Single-Rider: 335 lbs.

Dual-Rider: 2 people or 335 lbs.

- ▶ **Adjustable seats**
- ▶ **Easy to carry**
- ▶ **See-through bottom**
- ▶ **Lashed down spray skirt**
- ▶ **Easy-to-use air valves**
- ▶ **Multiple air chambers**
- ▶ **Repair kit included**
- ▶ **This boat complies with U.S. Coast Guard safety standards**
