"Highest in Customer Satisfaction for Ranges, Cooktops and Ovens"

- J.D. Power and Associates

2008

2009

LG received the highest numerical score for ranges, cooktops and ovens in the proprietary J.D. Power and Associates 2009 Kitchen AppliancesStudies™. 2008 received award for satisfaction with cooktops/wall ovens. 2009 study based on 4,067 total responses measuring 12 brands and measures opinions of consumers during the previous 24 months. Proprietary study results are based on experiences and perceptions of consumers surveyed in March-April 2009. Your experiences may vary. Visit jdpower.com.

LSE3092

Electric Slide-In Range

EXTRA LARGE CAPACITY

With one of the largest oven capacities available, at 5.4 cu. ft., LG's ranges provide more space for cooking large meals for families.

DUAL TRUE CONVECTION

Two fans combined with two built-in heating elements provide 30% faster preheat time* with the added benefits of even heat distribution for overall uniform baking and roasting

- **Convection Bake** provides even heat distribution and results when baking simultaneously on multiple racks.
- **Convection Roast** is great for large, tender cuts of meat because heat circulates evenly around all sides for thorough cooking.

BRILLIANT BLUE INTERIOR

Every LG electric range boasts an elegant brilliant blue interior cavity for an added touch of sophistication.

AWARD WINNING STYLE AND DESIGN

Combined with stylish controls and the signature LG design, this electric slide-in style range is a perfect fit for the aesthetically conscious consumer.

* Based on testing results comparing a standard LG convection range to the dual convection range (325°F) mode

TYPE

Type	Electric Slide-In
Oven/Cooktop	SmoothTouch™/Knobs

FEATURES

Display	White VFD
