

Kitchen & Bath Sealants

DAP® 3.0™ Kitchen & Bath

Advanced Sealant with Kwik Dry® Technology & MICROBAN® Antimicrobial Product Protection

Description: DAP® 3.0™ is an advanced, low-VOC kitchen & bath sealant specially formulated with Kwik Dry® Technology allowing it to be exposed to water after just 3 hours without washing out. It won't crack or shrink and provides excellent adhesion, flexibility and durability for a permanently waterproof seal. Formulated with Microban® Antimicrobial Product Protection which inhibits the growth of stain and odor-causing bacteria, mold and mildew on the sealant.

Applications: Ideal for caulking and sealing tubs, showers, sinks, backsplashes, counter tops, toilets, fixtures and repairing loose tiles.

Adheres to: Ceramic tile, glass, natural stone, vinyl, polystyrene, wood, metal, drywall and painted surfaces.

Water Exposure: 3 hours

Clean Up: Solvent

Paintable: Yes

Use: Interior

Flexibility: Best

Application Temperature Range:

-35°F to 120°F

Resists Mildew: Microban® Antimicrobial Product Protection fights the growth of stain and odor-causing mold and mildew on the sealant.

KWIK SEAL PLUS®

Premium Adhesive Caulk with MICROBAN® Antimicrobial Product Protection

DAP® KWIK SEAL PLUS® Kitchen and Bath Adhesive Caulk with Microban® Antimicrobial Product Protection fights the growth of stain and odor-causing bacteria, mold and mildew on the caulk. The advanced Microban® Antimicrobial Product Protection neutralizes bacterial and fungal growth where it lives and breeds. This means that the caulk is easier to keep clean and stays cleaner between cleanings. This specially formulated siliconized latex formula provides maximum adhesion and flexibility for a watertight seal. Low odor. Backed by a crackproof guarantee.

Ideal for caulking and sealing tubs, showers, sinks, toilets, backsplashes, countertops, fixtures and repairing loose tiles.

Ceramic/plastic tile, glass, porcelain, cultured marble, wood, metal, drywall, fiberglass and painted surfaces.
