

PERENNIALS FOR SHADE

Many flowering perennials grow beautifully in light shade. Choose plants with staggered bloom times to keep the colorful show going from spring into fall.

Plant List

- a. Black Eyed Susan (*Rudbeckia*) : Zone 3-9
- b. Shasta Daisy (*Leucanthemum*) : Zone 5-9
- c. Hydrangea : Zone 3-9
- d. Garden Phlox (*Phlox Paniculata*) : Zone 4-8
- e. Tickseed (*Coreopsis*) : Zone 4-9

Before Installing Your New Garden

Will this plan work in your area? You can increase or reduce the footprint by adding or eliminating plants in the garden.

Ensure the plants and plan will grow and thrive in your USDA zone and sunlight.

Add garden soil for best results.
