

**Your toilet
purchase from
The Home Depot may**

**qualify for
a rebate**

**with your local
water district.**

- Review the list of water districts by state. Select the link for rebate details by municipality.
- Rebate qualification varies by water district.
- Don't see your municipality listed? As water district rebates are constantly being added or changed, check your local water district web site to see if they've added a program in your area.
- Follow the directions on your water district web site for further rebate details and redemption instructions.
- Please note that any applicable rebate would be processed through your local water district, not The Home Depot.

See if your toilet is eligible for a rebate

Check the list below to see if your toilet purchase qualifies for a rebate in your water district. Click on the district name to see more information. Not all of the toilets listed may qualify for a rebate. Rebate qualification varies by water district.

| State | Listing and Website | Rebate Amount | Expires | Phone |

HET = High Efficiency Toilet

ULFT = Ultra Low - Flush Toilet

Your Home Depot toilet purchase may qualify for a rebate from your local County, City or Water District. Visit www.homedepot.com/toilets to view a list of participating cities/counties in your state. All toilets listed below may not qualify for a rebate. Rebate amounts and qualifications vary by water district. Follow your local Water District's instructions to redeem your rebate. This rebate is not redeemable from or through The Home Depot. Contact your local governmental agency or your legal or financial advisor for more information.
