

**Your toilet  
purchase from  
The Home Depot may**

**qualify for  
a rebate**

**with your local  
water district.**

- Review the list of water districts by state. Select the link for rebate details by municipality.
- Rebate qualification varies by water district.
- Don't see your municipality listed? As water district rebates are constantly being added or changed, check your local water district web site to see if they've added a program in your area.
- Follow the directions on your water district web site for further rebate details and redemption instructions.
- Please note that any applicable rebate would be processed through your local water district, not The Home Depot.

## See if your toilet is eligible for a rebate

Check the list below to see if your toilet purchase qualifies for a rebate in your water district. Click on the district name to see more information. Not all of the toilets listed may qualify for a rebate. Rebate qualification varies by water district.

State	Listing and Website	Rebate Amount	Expires	Phone
AZ	<a href="#">City of Cochise</a>	Up to \$100	n/a	520-559-4304
