

MAKE YOUR OLD DECK LOOK LIKE NEW AGAIN.

IT'S EASIER THAN YOU THINK.
SAVE A TON OF MONEY TOO.

REFACE YOUR DECK RATHER THAN REBUILD.

It can be done utilizing quality Trex® products, all available at Home Depot® – and it can be done in a fraction of the time and at a fraction of the cost of totally rebuilding the deck.

Trex® offers:

- Ease of installation
- Cost effective
- Can be installed in a weekend
- Everything you need to transform your deck is available through Home Depot®

TREX® BENEFITS:

- Durable, long-lasting beauty with easy maintenance and no staining required
- Superior workability – cuts, fastens and routs easily
- Superior resistance to rot, insects, splitting and no splinters
- Environmentally friendly
- A lifetime of value – backed by a 25-year limited warranty
- Widest selection of decking colors and styles to choose from, and a wide array of complementary Trex railing products

BEFORE

INSPECT DECK, CHECK STRUCTURE
Inspect your existing deck's framing system for soundness and adherence to code standards. Make any necessary repairs.

DURING

REMOVE TOP, DETERIORATING SECTION
Remove old wooden decking and railing, leaving framing system intact.

AFTER

INSTALL NEW TREX® DECKING
Install low-maintenance Trex® decking over existing framing. Complete the look with a complementary Trex® railing.

See a Home Depot® Associate for assistance with questions regarding Trex®, Trex Accents® decking in Saddle is available in stock at Home Depot®. Other Trex® products available via special order.
