If your Nature's Retreat outdoor furniture fails structurally during normal use within one year of purchase, the manufacturer will repair or replace the defective piece at its discretion (with the same or similar product if original product is discontinued) at no charge. Recommended Care and Maintenance

We recommend performing maintenance on the wood portion of your Nature's Retreat outdoor furniture after 3 months of exposure to the elements. Follow the cleaning and application instructions provided by the manufacturer of the maintenance products you purchase. Thomasville recommends cleaning and maintenance products made specifically for outdoor hardwood furniture by ScanCom. For more information on these products, including how to order, please call our toll-free number, 1-888-831-5313, or email us at outdoor@thomasville.com. Some pieces in the Nature's Retreat collection feature all-weather wicker and/or cushions. To clean, use a soft cloth, mild soap and water. Air dry. Do not machine wash or dry the cushions. Do not use bleach or strong solvents to clean any of your Nature's Retreat outdoor furniture, as it will harm the fabrics and the wood finish. To maintain and protect your outdoor furniture, always cover it with an outdoor furniture cover. We recommend that you store this furniture inside when not in use. Do not store in centrally heated rooms. A cool, well-ventilated enclosure is the most suitable location for storing this product. See the full care and maintenance recommendation document supplied with the furniture for more details, or visit thomasvilleoutdoor.com.
