## 2 PERSON FAR INFRARED CARBON SAUNA

Better Life 2 person sauna is designed for ease of use and is an outstanding value. Assembly is a snap and takes less than 45 minutes.

Enjoy the convenience of operating a Better Life Sauna with the dual (interior and exterior) soft touch control panel and LED display featuring sauna temperature and time functions. Every Better Life Sauna is equipped with a reduced wattage heated floor and lower bench heater to allow the same benefits and treatment to your legs and feet without the burning sensation of other sauna manufactures.

Play your favorite music through the MP3 auxiliary connection with speakers. Now standard in the Better Life Sauna is our brand new Chromotherapy (color therapy) system to enhance you sauna experience.

The sauna plugs into any dedicated 15 amp 120 volt outlet so no special wiring is required and the sauna may be installed on carpet and at any indoor location including the basement, garage, master bath or walk in closet.
