Introducing

Little Giant®
NXTGen™
Condensate
Pumps

Franklin Electric

HVAC
Engineered with contractor input and Little Giant® quality, our new line of NXTGen condensate pumps is designed to outsmart, outlast, out-cool, out-quiet, and out-perform every other condensate pump out there.

More new features

A slimmer footprint … an oil-resistant tank and check valve that eliminate the problem of cracked tanks exposed to oil … and numerous other features not available on competitor models comprise this next generation of cool. Making NXTGen the pump of choice for removal of condensate from air conditioners and high-efficiency gas furnaces.

The name to know and sell

With its 66-year history of commercial pumps and pump systems, Little Giant is one of the most powerful brand names in HVAC, recognized worldwide for its quality and reliability.
nsate pumps... done better.

Here’s what contractors told us they were looking for in a condensate pump:

You talked. We listened.

A Reputable Brand
“Your want something that you can count on. We use Little Giant exclusively now.”

Reliability
“It just comes down to reliability.”

Safety Switch
“A safety switch is peace of mind.”

Easy Installation
“It’s got to be easy to install.”

Smaller Size
“I want a slimmer pump for installation flexibility.”

Little GIANT
High humidity applications?

**Anti-Sweat Sleeve**
In areas of high humidity, significant amounts of condensation can build up on the outside of the tank, causing water damage. Only Little Giant's NXTGen pump comes with an anti-sweat sleeve to eliminate sweating.

**Easy Install Stainless Steel Brackets**
- Standard & Tubing Models: mounting bracket. Mounts from both sides.
- Anti-Sweat Models: mounting bracket. Mounts from both sides.

---

**Available with Multiple Options**

**External Safety Switch (optional)**
Optional External Safety Switch for easy access, greater installation flexibility, and up-sell potential.

**NXTGen**
Available with and without external safety switch.

**NXTGen with Tubing**
Includes 20 feet of 3/8" tubing.

**NXTGen with Anti-Sweat Sleeve**
Includes external tank anti-sweat sleeve for humid conditions.
