Understanding our carpet label

All of our carpet labels are designed to make it simple for you to identify the fundamental aspects and features of every carpet we sell. You can use the carpet label to get a quick overview of each carpet or you can compare everything individually, from fiber content to warranty level.

- **FACE WEIGHT**: The weight of fiber (in ounces) per square yard of carpet (a higher number indicates greater density and thickness)
- **FIBER**: What the carpet is made of (see page 8 to learn more)
- **TWIST**: The number of times each fiber is twisted per linear inch (the higher this number, the better the durability and resiliency)
- **ABRASIVE WEAR**: Covers against fiber loss from normal foot traffic/wear—affected areas will be replaced
- **STAIN AND SOIL**: Covers against stains that can’t be removed or color change—affected areas will be professionally cleaned or replaced. To learn how to protect your carpet from stains and spills, visit carpet-rug.org
- **TEXTURE RETENTION**: Covers against loss of twist from normal foot traffic/wear—affected areas will be replaced

CHECKLIST

INSTALLATION CHECKLIST

Getting ready to start your project

BEFORE INSTALLATION BEGINS, BE SURE THAT:

q Electricity and water are directly available in the work area
q The installation area’s vents are covered to contain any dust or debris
q There’s a clear path for easy access to the installation area for debris removal
q Furniture and floors are covered as needed
q All breakdowns and electronic equipment have been removed and/or disconnected
q Furniture has been removed from the room(s) receiving the new carpet. If you prefer, The Home Depot can move furniture for you. Ask your sales Associate for more information

DURING THE INSTALLATION

On installation day, our licensed, insured installers will be on time, courteous and efficient.

They’ll have the equipment they need, and they’ll be ready to install your new carpet.

On the day of your installation, plan accordingly—installation usually takes a day or less, but you won’t be able to use the room(s) where it’s being installed for a period of time. With that in mind, reading over and filling out the items on this checklist will help everything go smoothly.

ON THE DAY

1. Vacuum frequently—minimum of two times per week.
2. Clean spills promptly. Immediately scrape up as much of the spill as possible. Then blot—do not rub—area with a white cloth and warm water. Always work from outer edge of stain or spill toward center to avoid spreading.
3. Professional cleaning once every 10 months is required for coverage of limited warranties. Carpet cleaning technicians use hot water extraction cleaning method. The Home Depot recommends professional cleaning once every 12 months to keep your carpet looking its best.
4. For recommended care and maintenance of your carpet please follow the Carpet and Rug Institute guidelines located online at www.carpet-rug.org.

LIMITED STAIN AND SOIL WARRANTY

1. During the applicable warranty period, if the surface pile of your carpet becomes stained and the stain cannot be removed using procedures recommended in this brochure, The Home Depot Associate will coordinate service for qualified stains (subject to limitations listed). This warranty also covers noticeable color change in surface pile of carpet due to the accumulation of dry soil or as a result of foot traffic from normal, indoor household use which cannot be corrected. Noticeable color change is defined as a change less than 3 using standardized rating scales (AATCC Evaluation Procedure 1 Gray Scale for color). If covered stains or soil discoloration cannot be removed, The Home Depot will coordinate replacement for the affected area only with identical carpet, or carpet of comparable value. Stains and soil warranty service is limited to stains caused by most common foods and beverages, and color changes due to deposits of dry soil as a result of foot traffic from normal indoor household use, which cannot be corrected. No carpet is fully stain-proof.
2. Therefore, neither The Home Depot nor its carpet manufacturers extend warranty coverage to any of the substances or causes of damage identified below:
   - Non-food and non-beverage substances including, but not limited to: cosmetics, bleaches, inks, etc.
   - Foods and beverages that contain strongly colored natural dyes as found in but not limited to: mustard, coffee, tea, henna, henna, henna, henna, henna, henna, henna
   - Substances that destroy or change color of carpets, including but not limited to: stains caused by dyes, bleaches, acid medications, drain cleaners, plant foods, etc.
   - Pet or human stains such as vomit, blood, urine, feces, etc.
   - Foot traffic deposits from grease, sap, paint, dirt, smoke, appearance or color changes on stairs or damage due to burns, tears, cuts, pulls, shedding or pile reversal, furniture depressions or damage done by athletic equipment.

LIMITED WEAR WARRANTY

During the applicable warranty period, the surface pile of your carpet will not incur fiber loss from abrasive wear by more than 10% in any area. “Fiber loss from abrasive wear” is defined as actual loss of fiber, due to abrasion, from the surface pile of the carpet and does not include damages caused by, or resulting in, tears, burns, cuts, pulling, shedding, burns, pets, fuzzing, matting, pile reversal, fading, improper cleaning, improper installation, or defective construction. Damage caused by improper cleaning methods and materials is also excluded. Fiber loss is determined by comparison to non-traffic areas. If your carpet is determined to have lost 10% or more of its fiber due to abrasive wear, The Home Depot will coordinate replacement of the affected area only (area extending to the nearest wall, doorway, or entrance). Carpets installed outdoors, on stairs, in bathrooms, kitchen, or in areas subject to other than normal foot traffic are not covered by this warranty. 

Foot Traffic Deposits from grease, sap, paint, dirt, smoke, appearance or color changes on stairs or damage due to: burns, tears, cuts, pulls, shedding or pile reversal, furniture depressions or damage done by athletic equipment.

LIMITED TEXTURE RETENTION WARRANTY

During the applicable period of your warranty, the surface pile of your The Home Depot carpet, when installed over The Home Depot recommended carpet cushion, and under ordinary foot traffic, will retain its texture without tufting losing twist, bursting, blooming, or opening. Texture retention is the ability of carpet tufts to retain their visible shape, and not burn, biome, open, or lose twist, and is measured by using an international standard and rating scale ranging from 5 (new or no change) to 10 (serious change). If your The Home Depot carpet fails to maintain a texture retention rating of at least 3.0 for the specified warranty period, The Home Depot will coordinate replacement with a carpet of comparable value for the affected area only (area extending to the nearest wall, doorway, or entrance). Carpets installed outdoors, on stairs, in bathrooms, kitchens, or in areas subject to other than normal foot traffic, under athletic equipment, or damages caused by furniture are not covered by this warranty.

THE HOME DEPOT LIMITED EXTENDED WARRANTIES GENERAL TERMS AND CONDITIONS

All limited warranties only apply to carpet purchased from The Home Depot and installed in owner-occupied residences where no commercial activity, including rental or day care, takes place. These warranties exclude carpet which has been put in commercial use, abnormal use or conditions, any type of abuse, vandalism, or damage by smoke, fire, storm, flood, hurricane, wind, lightning or any natural disaster. Any repair or replacement under these limited warranties will be coordinated by The Home Depot and will be limited to the affected area only and adjacent areas extending to the nearest wall, doorway, or entrance. To qualify for warranty coverage, all carpet purchased from The Home Depot must be installed over carpet cushion which meets the HUD UM 729, Class 2 standards. These HUD standards set minimum standards for carpet cushion for density (lb./ft²), thickness (in.), weight (oz./sq. yd.) and other physical characteristics which determine performance. These limited warranties are conditioned upon your compliance of recommended carpet care and cleaning procedures and are voided if not followed.

We reserve the right to limit quantities to the amount reasonable for our regular customers. In the event of an error, we will make every reasonable effort to accommodate our customer. Details on any product warranty available at store. ©2012 Homer TLC, Inc. All rights reserved.
