

NAP-R201H (Nordic Riding Mower 49" Snow Plow)

Product Family: Snow/Ice Removal Shovel

Product Description Short: Universal Snowplow for Lawn Tractors

Product Description Long: Nordic Plow's 49" wide Lawn Tractor Plow attaches to most major brand lawn tractors. The Nordic Plow is a patent- pending, lightweight (59lbs) plow made of a rubber based composite material with a unique rounded edge. This design works great on uneven surfaces such as gravel, paver brick driveways, sidewalks and even grass. We have developed a universal mounting bracket that easily attaches to your machine. The plow pivots and down on a single axle and conveniently raises and lowers with a handle. Why shovel, let your vehicle do the work!

Bullets:

- Fits most lawn tractors
- Universal mounting brackets included
- Lightweight yet extremely durable
- Multiple position blade angles
- Perfect for gravel or paver bricks
- Patent Pending
- Made in the USA
