The Freshaire Choice™ paint contains NO VOC’s in the paint and NO VOC’s in the colorant, resulting in NO chemical paint odor. Now you can enjoy your freshly painted room immediately! And you can feel better knowing that the cleaner air inside your home is good for your family. The Freshaire Choice provides excellent coverage and washability. Rich, true shades apply flawlessly, dry fast and wash up beautifully—because clearing the air shouldn’t mean compromising.

The Freshaire Choice is Greenguard Certified. All Greenguard Indoor Air Quality Certified products can be used with the confidence that they will not pollute the indoor air with high levels of harmful chemicals.

**GREENGUARD Children & Schools℠ Certification:** Products certified under the GREENGUARD Children & Schools are ideal for use in educational, learning and play environments for your children based on its low emission rating.

**FEATURES**
- Paint contains no VOC’s
- No chemical odor
- Contains NO Formaldehyde
- Contains NO Ethylene Glycol
- Washable & Scrubbable
- Excellent Coverage
- Splatter-free, easy application
- Quick drying and recoat
- Easy soap and water clean-up

**COMPOSITION**
- Vinyl-Acrylic Resin
- Titanium Dioxide and Extender Pigments
- Not manufactured with lead or mercury containing materials

**SPECIFICATION DATA**

**Color:**
White

**Finish:**
Flat

**Clean-up Solvent:**
Soap & water

**Density:**
Density 11.02 lbs/gal (1.32 kg/L)

**VOC:**
0.0 lbs/gal (0 g/L)  
per EPA Reference Test Method 24

**Solids:**
Volume - 33% +/- 1%  
Weight - 49% +/- 1%

**Practical Coverage:**
Apply at 300-400 sq. ft/gal (7-10 m²/L). Actual coverage may vary depending on substrate and application method.

**Flame Spread Rating:**
Class A (0-25) over non-combustible surfaces

**Flash Point:**
None

**Dry Time 77°F (25°C) & 50% RH:**
To touch - 30 - 60 minutes  
To recoat – 2 - 4 hours  
Low temperature, high humidity, thick films or poor ventilation will increase these times.
SURFACE PREPARATION

Make sure all areas are clean, sound and free of flaking paint or any substances such as oil, grease, dirt...anything that will get between your surface and your paint. Lightly sand glossy areas. Patch all cracks and holes with a patching compound. Sand and prime patched areas with The Freshaire Choice™ Primer/Sealer FA5000 before painting. Prime unpainted surfaces with The Freshaire Choice Primer/Sealer FA5000.

WARNING! If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear an NIOSH-approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by contacting the National Lead Information Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.

DIRECTIONS FOR USE

QUALITY TOOLS FOR A QUALITY JOB

Apply with a quality 3/8”-1/2” nap roller, a nylon or polyester brush or a paint pad • An extension pole is recommended for making longer strokes; making it easier to maintain a wet-edge • For airless spray application, use .015” - .19” tip • Adjust pressure as needed.

LET’S GET PAINTING

Mix thoroughly • Apply at package consistency or thin only when using a airless sprayer - use 1/2 pint water per gallon • Apply generously, no overspreading • Do not apply when the surface or air temperature is below 50°F (10°C) • Ventilate & provide warmth for normal drying.
1. Stir paint thoroughly with a lifting motion to insure uniform color.
2. Prepare roller by dampening it slightly with water.
3. Brush or edge a 3” or 4” border around the edge of the ceiling.

4. Start with the short dimension of the ceiling. Paint across one end of the room first, doing a strip wide enough to suit your reach. Go back to the starting edge and paint another strip parallel to the first working gradually over the entire length of the room.
5. To reduce lap marks and ensure that you do not miss any areas, try to keep the light source at your back and start by painting away from the window. If there is more than one window, choose the largest window.

LET’S CLEAN UP

Clean hands and tools with warm, soapy water • Clean spills right away with a damp cloth • After 30 days or paint has fully cured, areas may be washed using a non-abrasive, mild detergent and cellulose sponge.

PRECAUTIONS

WARNING! CAUSES EYE, SKIN AND RESPIRATORY TRACT IRRITATION. MAY BE HARMFUL IF SWALLOWED. USE ONLY WITH ADEQUATE VENTILATION. KEEP OUT OF THE REACH OF CHILDREN. For emergency information call (800) 545-2643. Note: These warnings encompass the product series. Prior to use, read and follow product-specific MSDS and label information. If sanding, wear a dust mask to avoid breathing of sanding dust. Do not breathe vapors or spray mist. Ensure fresh air entry during application and drying. Avoid contact with eyes and skin. If you experience eye watering, headaches, or dizziness, leave the area. If properly used, a respirator may offer additional protection. Obtain professional advice before using. Close container after each use. FIRST AID: For skin contact, wash thoroughly with soap and water. If any product remains, gently rub with petroleum jelly, vegetable or mineral/baby oil then wash again with soap and water. Repeat as needed. Remove contaminated clothing. For eye contact, flush immediately with plenty of water for at least 15 minutes. Get medical attention. If swallowed, get medical attention immediately. If inhalation causes discomfort, remove to fresh air. If discomfort persists or breathing difficulty occurs, get medical attention. KEEP FROM FREEZING.
