GRANITE

Edges add the perfect finishing touch to your kitchen countertops and are a cost-effective way to add personality to your kitchen. Beveled edges enhance kitchens with traditional décor while bullnose and half bullnose rounded edges complement contemporary kitchens. More decorative styles like the double ogee add flair to rustic décor.

LAMINATE

Edges* add the perfect finishing touch to your kitchen countertops and are a cost-effective way to add personality to your kitchen. Straight or beveled edges enhance kitchens with traditional décor while round edges like waterfall and bullnose complement contemporary kitchens. No-drip edges keep liquid from going over the edge.
