How your plan works **during** the manufacturer's warranty.

- ✓ Most items come with a manufacturer's warranty that can last 90 days, 1 year, or longer.
- ✓ If there is an issue during the time that is **covered by the warranty**, you may be referred to the manufacturer for service.
- ✓ If there is an issue that is **not covered by the manufacturer** but is included in your The Home Depot Protection Plan, the plan will cover it.

How your plan works **after** the manufacturer's warranty.

Covers your purchase for 2 or 3 years depending on plan length (water heaters and select water softeners for 5 years) after the manufacturer's warranty expires.
